Our gin selection has a growing reputation! We particularly enjoy celebrating Northern and Yorkshire craft gin producers and we're happy to recommend a gin if you have any difficulty choosing.

NORTHERN GIN

Didsbury Blood Orange

A more adventurous combination. Citrus-fronted flavours are enhanced further with the addition of Blood Orange. As the initial citrus kick subsides, fresh ginger provides a divergent warmth. Blood Orange's foreground offers a citrus palette while the warmth and fragrance of fresh ginger provides a hint of heat and suggestion of sweetness.

Didsbury Raspberry and Elderflower

The Original Didsbury gin is complimented by fresh British Raspberries and a subtle elderflower press to promote a sweeter palette. A refreshing gin that strikes the perfect balance between fresh citrus and sweet berry flavours.

Didsbury Strawberry and Sicilian Lemon

The perfect mix of sweet and citrus that matches Didsbury's original eleven botanicals to a blend of Sicilian lemons and fresh British strawberries. An initial zesty burst of lemon is tempered by calming strawberry flavours. Citrus runs alongside a subtle sweet strawberry aroma, giving a refreshing bouquet reminiscent of social summer afternoons.
