

# HOLDSWORTH HOUSE

HOTEL & RESTAURANT

*Something special, somewhere unique*

## ROOMS

"A haven of peace and quality in  
an age when it is too often forgotten  
that the customer is also a guest"

## AN HISTORIC JACOBEOAN MANOR

## SOMEWHERE UNIQUE

Holdsworth House is set in three acres of secluded gardens on the edge of Halifax. Our historic halls date from 1633 and are rich in character, whilst our service is steeped in tradition. We have 33 beautiful rooms, an award-winning restaurant and a relaxing bar that stocks craft ales, fine wines and over 100 local gins.

## VERY IMPORTANT PETS

Bring your family dog with you to Holdsworth House. You can dine together in the bar, exercise in the gardens and sleep in a dog-friendly room.

AWARD WINNING

## FOOD & DRINK

Choose fine dining, bar snacks or traditional afternoon tea. We promise delicious, locally sourced food that's freshly cooked and beautifully presented.

AN INDEPENDENT HOTEL

## A FAMILY BUSINESS

The house's history is as mesmerising as its architecture (read the full history [online at holdsworthhouse.co.uk](http://holdsworthhouse.co.uk)).

In 1962, Rita and Freddie Pearson purchased the manor and opened it as a private members' club, welcoming many famous guests, including The Beatles, through the doors.

Today, Holdsworth House is Grade II\* Listed and the 3rd generation family remains dedicated to preserving the architecture and sense of quality, service and tradition that make Holdsworth House so special.

## PARTIES AND CELEBRATIONS

## SOMETHING SPECIAL

Celebrate indoors or out in an historic setting. Holdsworth House is one of Yorkshire's most experienced wedding venues – perfect for private dining and events up to 150 guests. Book a free wedding show-round appointment online.

A close-up photograph of a variety of fresh herbs. On the left, there are long green chives with purple flower heads. In the center, there are bright green curly parsley leaves. To the right, there are dark purple basil leaves. The herbs are arranged in a dense, overlapping bouquet, creating a rich texture and color palette of greens and purples.
