## HOTEL & RESTAURANT

### THE GRAPES

#### THE SAUVIGNON BLANCS

This grape produces distinctive, dry wines that show aromatic, herbaceous, sometimes smoky, characters and are crisp, fresh and typically appley. The spiritual home of the Sauvignon grape variety is the Loire Valley in France, the most well known being Sancerre and Pouilly Fumé. In the New World the most renowned hail from New Zealand, with their generous Marlborough Sauvignons. Chile and South Africa offer a halfway house in style between the much loved Kiwi wines and the Loire Valley. The perfect aperitif as well as a great accompaniment to tomato or herb based starters and scallops.

#### THE CHARDONNAYS

The classic Burgundian grape, now planted universally, produces dry yet full, firm wines with a rich complexity, especially when aged in oak. When there is little or no oak the fruit shines through. A great accompaniment to rich, full flavoured seafood, light meats like veal and pork, as well as poultry and foods with creamy sauces.

#### THE PINOT GRIGIOS (OR GRIS)

Light and fresh with crisp green apple characters - typical of the style of one of the world's most popular grape varieties. A lovely aperitif but also fantastic with goats cheese or any herb based dish. Grigio/Gris means 'grey' from the coppery colour the berries attain at harvest. This in turn, can be used to make a rosé by keeping the skins in contact with the juice for a short while!

**Please note, vintages may vary

## THE RIESLINGS & AROMATICS

Blossom scent, spicy apples, apricots, peaches and pears, some of perhaps even all of these characters can be found in this selection of aromatic wines. Great with smoked meats like Howden ham hock, fish, rich creamy dishes or spicy foods.

## THE SHIRAZ OR SYRAHS

Shiraz and Syrah are the same grape. This popular variety produces wines that are richly flavoured with undertones of pepper and spice. Perfect with a steak or a rib of beef.

## THE MALBECS

Malbec grapes tend to have an inky dark colour and robust tannins, and are known as one of the six grapes allowed in the blend of red Bordeaux wine. The French plantations of Malbec are now found primarily in Cahors in South West France. It is increasingly celebrated as an Argentine varietal wine and is being grown around the world. Big, bold and smoky with chocolate overtones. Perfect with steak.

## THE CABERNETS

This is a grape of great character producing wines that are rich in colour, aroma and depth. The classic blends of Bordeaux are based on this grape. It is a robust plant and thrives in vineyards the world over. This wine cries out for full flavoured meat dishes or mature hard cheeses.

## THE MERLOTS

In Bordeaux Merlot is blended with Cabernet Sauvignon to soften the wine. It follows that the Merlot grape variety produces very soft, mellow, elegant wines. Great with full flavoured meats like beef, duck and game or rich earthy flavours like grilled vegetables.

## THE PINOT NOIRS

This delicate grape is not easily grown, the climate has to be 'just right'. Away from France's Côte d'Or and the glories of Burgundy, the wines are fuller and richer, but always with the renowned soft texture. Great with light charcuterie, poultry, fish and light meat dishes as well as pasta.
